Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. During the last week in October "Backfire" may be seen each night, with the usual matinees, at the Thirty-ninth Street Theatre.

Beginning Monday, October 36, it will be presented at Frohman's Lyceum Theatre, Forty-fifth Street, near Broadway.

"Backfire" has taken its rightful place with the season's admittedly successful plays, and moves into the Lyceum for an indefinite run.

"Backfire" is a virile, intense play, with a theme wholly and entirely new to the stage. Clean and wholesome and with a strong cur-rent of humor through its four acts of logical development, it has made a striking appe those playgoers who still retain what may be termed elemental dramatic impulse.
